# Retention and Disposal Authority for Records of the Professional Registration and Accreditation Function

Issued Date: 30/04/2019

**Authority number: PROS 19/02** 

#### INTRODUCTION

#### **Context**

#### **Context Description**

The RDA for Records of the Professional Registration and Accreditation Functions was developed for use by Victoria Legal Admissions Board (VLAB), to provide disposal coverage for records related to registration and accreditation standards, and accreditation of legal academic courses and practical legal training providers.

The RDA was derived from PROS 18/01 RDA for Records of the National Registration and Accreditation Scheme for Health Practitioners. Its content is deliberately generic so that its scope can be expanded in future to cover additional agencies responsible for the regulation of professions. Although an attempt has been made to keep the appraisal notes reasonably generic to assist broader application much of the appraisal references the context of legal profession regulation.

The VLAB is a statutory body established under the Legal Profession Uniform Law to assess the eligibility and suitability of persons seeking admission as Australian lawyers. Admission of lawyers in Victoria is governed by the *Legal Profession Uniform Admission Rules 2015*. VLAB administers the appointment of public notaries in accordance with the *Public Notaries Act 2001*. VLAB is also responsible for the accreditation of academic law courses and practical legal training providers.

Under an Instrument of Delegation the VLAB established the Victorian Legal Admissions Committee (VLAC) to assess applicants for admission in Victoria and to grant Compliance Certificates under s19 of the Uniform Law. VLAC also has responsibility for determining applications for declarations of early assessment of suitability for a Compliance Certificate.

In addition, VLAB has an Academic Course Appraisal Committee, to assess legal academic courses, and a Practical Legal Training Committee, to assess practical legal training providers.

It is intended that VLAB will use function 1 and function 3 of this RDA, in conjunction with PROS 11/02 RDA for Records of the Supreme Court (specifically function 3 – Legal Profession Admission & Appointments), and PROS 07/01 RDA for Records of Common Administrative Functions (including policies that guide standards, codes, guidelines and procedures; board papers and deliberations).

#### **Introduction**

#### **Purpose of this Authority**

The purpose of this Authority is to provide a mechanism for the disposal of public records in accordance with the *Public Records Act 1973*.

The Authority:

- identifies records which are worth preserving permanently as part of Victoria's archival heritage
- prevents the premature destruction of records which need to be retained for a specified period to satisfy legal, financial and other requirements of public administration, and
- authorises the destruction of those records not required permanently.

#### **Context of this Authority**

#### **Public Record Office Victoria Standards**

This Authority should be used in conjunction with the Standards issued by the Keeper of Public Records under Section 12 of the *Public Records Act 1973*. Copies of all relevant PROV standards, specifications and regulatory advice can be downloaded from www.prov.vic.gov.au. These documents set out the procedures that must be followed by Victorian public offices.

#### Disposal of records identified in the Authority

Disposal of public records identified in this Authority must be undertaken in accordance with the requirements of Public Record Office Standard PROS 10/13 *Disposal*.

It is a criminal offence to unlawfully destroy a public record under s 19(1) of the *Public Records Act 1973*.

The destruction of a public record is not unlawful if done in accordance with a Standard established under s 12 of the *Public Records Act 1973*.

This Standard (also known as an Authority) authorises the disposal of public records as described within its provisions. However, disposal is **not** authorised under this Standard if it is reasonably likely that the public record will be required in evidence in a current or future legal proceeding.

**Authority number: PROS 19/02** 

For the purposes of this Retention and Disposal Authority, a 'legal proceeding' has the same meaning as the *Evidence (Miscellaneous Provisions) Act 1958*, and includes any civil, criminal or mixed proceeding and any inquiry in which evidence is or may be given before any court or person acting judicially, including a Royal Commission or Board of Inquiry under the *Inquiries Act 2014*.

If the public office identifies that public records must be retained under other applicable legislation for a period that exceeds the retention period specified under the Standards, then the longer retention period must apply.

#### **Normal Administrative Practice**

*PROS 22/04 Disposal Standard* authorises the destruction of some public records under Normal Administrative Practice (NAP) principles. Low value facilitative records described below are authorised for destruction by *PROS 22/04* under NAP principles:

- working documents, such as notes or calculations, used to assist in the preparation of other records
- minor drafts and transitory documents, where the content is reproduced elsewhere, and the information will not be needed to show how the work has progressed or actions approved
- minor updates of content, such as those in databases, which will not be needed to show actions, decisions, or approvals
- communications for the purpose of making minor arrangements
- duplicate copies.

Authority number: PROS 19/02

#### **Transfer of records to Public Record Office Victoria**

Contact Public Record Office Victoria for further information on procedures for transferring permanent records to archival custody.

#### **Use of Other Authorities**

In applying the disposal sentences set out in this Authority, reference should be made to other current Authorities where applicable. Where there is a conflict between two Authorities (for instance this Authority and the General Retention and Disposal Authority for Records of Common Administrative Functions), consult the Public Record Office Victoria for advice.

#### **Explanation of Authority Headings**

#### **Class Number**

The class number or entry reference number provides citation and ease of reference.

#### **Description**

The description of each record class is specified in this entry. A record class is a group of records that relate to the same activity, function or subject and require the same disposal action.

#### **Status**

This entry provides the archival status of each class - either permanent or temporary.

#### Custody

This entry specifies whether the records are to be retained by the public office or transferred to the Public Record Office Victoria. Permanent electronic records are to be transferred in VERS Encapsulated Object (VEO) format according to PROS 99/007 - Management of Electronic Records (Version 2). The storage of public records identified in this Authority must also be in accordance with the requirements of Public Record Office Standard PROS 11/01 Storage

Authority number: PROS 19/02 Establishment of Standard

Pursuant to Section 12 of the *Public Records Act 1973*, I hereby establish these provisions as a Standard (also known as a Retention and Disposal Authority) applying to Veterinary Practitioners Registration Board of Victoria and Victorian Legal Admissions Board. This standard as varied or amended from time to time, shall have effect from the date of issue unless revoked.
